1982

Boston Redevelopment Authority

Please note the following addition to the
Development and Design Guidelines for
City of Boston garage parcels:

Six (6) copies of the developer submission
must be provided to the Boston Redevelopment Authority.

PROCEDURES AND CRITERIA

Procedures

The Real Property Board and the Public Facilities Commission have delegated to the Boston Redevelopment Authority the responsibility for soliciting developer interest and reviewing proposals for the sale and additional development on the Government Center Garage Parcel.

All proposals for the redevelopment of the Government Center Garage Parcel must be submitted to Robert J. Ryan, Director, Boston Redevelopment Authority, Room 925, City Hall, One City Hall Square, Boston MA 02201 no later than 5:00 P.M. on January 10, 1983. Developer submissions must include the items listed on the following pages. Submissions should conform to the enclosed Design and Development Guidelines. All development teams submitting proposals will be invited to make a formal presentation to the Authority.

At any time, the Authority may request additional information from any developer. The Authority reserves the right to reject any and all proposals. The City intends to sell this parcel.

The BRA and the City will not incur any expenses in the development of the parcel. The parcel will be disposed of in an "as is" condition. The designee will pay for the cost of any utility relocation not paid by a utility company.

Development proposals will be subject to all City of Boston zoning and building regulations and procedures as well as applicable State and City environmental reviews. The Boston Redevelopment Authority will have urban design control. The development will be assessed and taxed by the City of Boston under M.G.L. Chapter 59 real estate assessment procedures.

Criteria

The overriding standard used by the Authority in reviewing proposals will be the maximum benefit to the City. Additional criteria will include:

- o the benefits offered to the City by the proposed development including jobs, taxes, and public amenities;
- o the demonstrated experience, capability and financial strength of the development team;
- o compliance of the proposed development with the enclosed design and development guidelines;
- o financial feasibility of the proposed development.

DEVELOPER SUBMISSION

The developer submission for the acquisition and additional development of the Government Center Garage must include the following:

- a) A Letter of Interest introducing the development team members including the developer, architect, and consultants.
- b) Redeveloper's Statement for Public Disclosure and Redeveloper's Statement of Qualifications and Financial Responsibility (Form HUD-6004 enclosed).
- c) A Description of Relevant Past Experience of the development team members.
- d) A Development Concept Description for the parcel. The Development Concept Description should include diagrams and drawings to convey the massing and distribution of uses.
- e) A Summary of the Proposal including proposed uses, proposed ownership structure and the anticipated development schedule. Development and operating pro formas are required (Pro Forma Requirements enclosed).
- f) Letters of Interest from a financial institution for construction and permanent financing.

A certified check of \$5,000 payable to the Boston Redevelopment Authority must be included with the submission. The Authority is under no obligation to earn interest. \$2,500 of the fee will be retained by the Authority for the processing of the submission. However, the remaining \$2,500 deposit will be returned promptly to unsuccessful applicants.

PARCEL DESCRIPTION AND DESIGN AND DEVELOPMENT GUIDELINES

Parcel Description

I. Location

The Government Center Garage Parcel is within the Government Center Urban Renewal area and is bounded by New Sudbury Street, North Washington Street, Merrimac Street, New Chardon Street and Bowker Street.

II. Parcel Area

The total parcel area of the Government Center Garage Parcel is 176,862+ square feet. The Garage is nine levels and includes 1865 public parking spaces.

Design and Development Guidelines

- A. The primary use as a parking garage shall remain.
- B. Development of commercial uses (for example, "back office" space) will be encouraged on two floors above the existing structure. These two upper floors are:
 - 1. Level 10 between column lines A and V and 1 and 6 with 96,000 gross square feet;
 - 2. Level 11 between column lines A and M and 1 and 6 with 55,000 gross square feet.
- C. Retail development is encouraged on the street level along pedestrian routes.
- D. Service areas for the development and access to these areas should be inconspicuous, safe, and fully enclosed.
- E. The design of the development should be sensitive to energy conservation and consider solar orientation and window treatment.
- F. Changes to the Government Center Urban Renewal Plan for F.A.R., allowed uses, and height will require approval from the Boston Redevelopment Authority Board.
- G. Street improvements should reinforce the Government Center District. Street improvements should include brick sidewalks and plazas, signage, pedestrian-scale lighting, seating and trees where possible.

- H. The parcel is located in the East Side Interceptor drainage area. For all buildings located in the East Side Interceptor drainage area generating greater than 10,000 gallons/day waste water, the Boston Water and Sewer Commission requires a holding tank as a condition of issuance of a Permit for Sewer Extension and Connection.

Additional information concerning the construction of the Garage, feasibility of additional development on the existing structure, and the current lease and operator may be obtained from: Richard Carter, Department of Real Property, City of Boston, Room 811, Boston City Hall, One City Hall Square, Boston, MA 02201.

PRO FORMA REQUIREMENTS

Development and operating pro formas are required. These pro formas should contain the following information:

- 1) gross and net square footages for each use including parking;
- 2) land square footages for the Public Parcels as well as for any contiguous parcels included in the developer submission;
- 3) acquisition prices for the Garage Parcel and any contiguous parcels included in the developer submission;
- 4) estimates of construction start, certificate of completion and stabilized year;
- 5) detailed estimates for basic and soft construction costs (including parking renovation costs) for each use;
- 6) gross income, operating expenses and real estate taxes for each use including parking;
- 7) return on total costs, debt service terms including lender participation, debt service coverage, return on equity and equity contribution.

A separate detailed operating pro forma should be provided for public parking spaces including estimates of average turnovers and average rates. The public parking pro forma should also include estimates of operating expenses and real estate taxes. Estimates in all pro formas should be in future dollars using an inflation factor of 7% from 1982.
